CHAPTER ONE: INTRODUCTION AND DEFINITIONS

Article 100 - Regulations

If there is any doubt about the meaning of any of the Regulations they should be interpreted in a way that ensures fair conditions for all competitors.
2. The GRs, together with the Veterinary Regulations (VRs), govern the conduct of all equestrian Events organised by affiliated organisations or by or on behalf of Equestrian Sports NZ (ESNZ). Both the GRs and the VRs are published by ESNZ pursuant to the powers in the Constitution.
3. The Regulations have been drawn up in the broadest possible spirit so as to allow Organising Committees (OCs) the fullest freedom in the management of their Events and in the preparation of their programmes.

If a protest is lodged before this deadline, all Officials must, if required, remain available to assist in relation to the hearing of the protest and any appeal to the Appeal Committee.

176. On receipt of a protest the GJ will immediately inform the organizer of the Event. No fee will be payable by any affected party for this referral.

Penalties

~~243.~~ A determination of the Ground Jury under this Article may include such order or orders as the GJ considers appropriate in the circumstances. Where the GJ determines a penalty is appropriate the GJ may impose one or more of the following penalties:

~~243.7~~ Any other penalty the GJ considers appropriate in the circumstances.

- 254.** In deciding on the appropriate penalties to be imposed, the following factors shall be taken into consideration, together with any other relevant factors:
- 254.1** Whether the action or omission resulted in an unfair advantage to the offender or a competitor;
 - 254.2** Whether the action or omission resulted in a material disadvantage to any other person or body involved;
 - 254.3** Whether the action or omission involved the maltreatment of horses;
 - 254.4** Whether the action or omission affected the dignity or integrity of any person involved in the sport;
 - 254.5** Whether the action or omission involved fraud, violence or abuse or any criminal acts; and/or

- 265.** In cases of a less serious nature and without significant consequences, an oral warning, a written caution, or Official Warning will be appropriate.
- 276.** A fine is appropriate particularly in cases where the offender has acted negligently.
- 287.** Disqualification is appropriate when it is specified in the relevant Rules, Constitution, By-Laws or Discipline Rules or if the circumstances require immediate action:
- 287.1** Disqualification from a Competition means that the competitor and horse or horses concerned - even should they change ownership are removed from the list of starters and the classification, and includes the forfeiture of prize money won in that particular Competition.
 - 287.2** Disqualification from an Event means that the competitor and horse or horses concerned - even should they change ownership - may take no further part in that Event and it may include the forfeiture of any prize money won in previous Competitions at that Event where this is provided for in the Constitution Rules and Regulations.

 - 298.2** In deciding when any suspension will commence, the appropriate body shall, in order to achieve a just penalty, have regard to the gravity of the offence.

~~3029~~. Notwithstanding anything to the contrary indicated in Rules ~~243-298~~ of this Article above, the penalties listed below shall be imposed in the following cases:

~~3029~~.1 The finding on analysis of a Prohibited Substance as defined in Article 3 of the VRs is presumed to be a deliberate attempt of the person responsible to affect the performance of the horse and will entail at a minimum the disqualification of the competitor and the horse from the Event, the forfeiture of any prize money and suspension for 3 months or longer and may entail the possibility of a fine. But if the person responsible can prove (on the balance of probabilities) that it was not a deliberate attempt to affect the performance of the horse the suspension and fine will be discretionary.

~~3029~~.2 In cases of Article 152 & Article 3 of the VRs a fine and / or suspension may also be imposed.

~~310~~. Before imposing a penalty, the decision-maker must give all affected parties the opportunity to make submissions on penalties. The decision maker may as it thinks fit give this opportunity either before or after making its decision on the substance of the proceeding.

~~324~~. Subject to Rule ~~376~~, a decision by the GJ under Rules 4.3, 4.4, 9.9, 9.10, and/or ~~198~~ of this Article may be appealed to the Appeal Committee.

who does not speak English).

343.3 Appeal hearings may be conducted as informally as the Appeal Committee determines, but must give each party a fair opportunity to be heard.

11. The non-attendance of a party at a hearing in respect of which that party has received notice shall not prevent the matter being dealt with in their absence.
12. The Chairperson shall explain the procedure. Usually, the party bringing the proceedings will speak first, followed by a party in respect of whom the proceedings are brought against, and then any other affected party.
13. Any hearing may be adjourned as and when the JC thinks fit.

28. To assist efficiency a JC must hold the hearing within 4 weeks of the proceedings being referred to it, however this time frame may be extended in circumstances as determined by the JC.

Penalties

29. Before imposing a penalty, the JC must give all affected parties the opportunity to make submissions on penalties. The JC may as it thinks fit give this opportunity either before or after making its decision on the substance of the proceeding.

CHAPTER TEN: RISK MANAGEMENT, HEALTH & SAFETY

Article 149: Guidelines for Organising Committees

The purpose of this Article is to provide information for Organising Committees for which they can develop their event schedules from, and to advise what their rights are in regards to running events under ESNZ rules and accepting competitor entries. It should be read in conjunction with the ESNZ disciplinary regulations, ESNZ Drug and Alcohol policy, ESNZ Code of Conduct and ESNZ Behaviour policy.

1. Organising Committees have the right to refuse entries to ESNZ Events as long as you don't breach any anti-discrimination laws.

2. Likewise, Organising Committees do not have to accept any entry until the correct fee has been paid, and you may refuse an entry for payment not being presented on time.
3. Organising Committees may have any person removed from the event they are running, for breaching any ESNZ regulations or policies, event rules or NZ law.
4. Organising Committees will observe a zero-tolerance approach to underage drinking, excessive drinking, illicit drugs and substances, bullying, and unsavoury behaviour. These issues will be dealt with according to ESNZ disciplinary regulations, the ESNZ Drug and Alcohol policy, ESNZ Code of Conduct and ESNZ behaviour policy.
5. It is recommended that Organising Committees address the above in their event schedules. Organising Committees may also add extra clauses or policies to their schedules – ie Liquor ban in place for the event.
6. ESNZ has an Event Waiver template on the website for OCs to use (under Safety), it is recommended that OCs use this.
7. Parents are responsible for under 18 year olds, at all times – ie they must be supervised by a parent, guardian or other nominated adult.

Article 150: Health & Safety at Events

1. ESNZ is committed to providing a safe and healthy approach to all events run under their rules.
2. ESNZ encourages OCs to take all practical steps to ensure all activities at events are carried out safely and without causing harm to any party involved. OCs should be fully aware of all situations that could lead to injury and all hazards that cannot be eliminated will be isolated or minimised.
3. All members of the OC, riders, officials and spectators should be encouraged to participate and consult on health and safety matters.
4. All incidents and accidents at events are to be accurately reported on and kept on record, copies must be provided to the ESNZ National Office within two weeks following the event. All serious injuries must be properly investigated with findings documented in writing by event officials.
5. Emergency planning and response must be in place during the event and notification of this plan must be clearly displayed where possible throughout the venue.
6. It is the responsibility of every individual at an equestrian event to

ensure the health and safety of themselves and others.

7. The Ground Jury may, at any time, exclude from further participation in a Competition or an entire Event any Athlete who is unfit to continue by reason of a serious or potentially serious injury, impairment, or health condition. Medical clearance, to compete again, must be given by a registered GP or registered medical specialist.
8. If a concussion or serious injury is suspected, by a member of the Ground Jury at the event, the rider should be immediately removed from participating and be issued with a Blue Card concussion note. A Blue Card means that a rider is stood down from all riding activities until clearance from a registered GP or registered medical specialist can be obtained. A copy of their Blue Card will also go straight to ESNZ, which will then go on that rider's profile, visible to Organising Committees and officials.
 - 1.1. All riders who have been withdrawn from competition due to a suspected concussion are required to provide ESNZ with a medical clearance note from a registered GP or registered medical specialist before they are able to compete again. Once this has been received the Blue Card will be withdrawn.
 - 1.2. If a rider who has been issued with a Blue Card competes without first providing medical clearance, this may result in disciplinary action taken through the ESNZ disciplinary process set out in the ESNZ General Regulations.

Article 151: Protective Headgear

1. ESNZ recommends approved safety helmets should be worn at all times when dealing with horses.
2. Riders will not be permitted to train or compete unless they wear approved, tagged, protective headgear bearing the ESNZ/NZPCA helmet tag.

Note: if riders are found with unapproved and/or non-tagged helmet, it will not result automatically in elimination but 151.5, in its entirety will be applied, and the rider can continue to ride providing they are wearing an approved, tagged, helmet.

3. All riders must wear protective headgear that conforms with one of the current approved safety standards and is tagged accordingly. These standards may be subject to change but the latest list can be found on the ESNZ website at <https://www.nzequestrian.org.nz/safety/helmet-tagging/> ESNZ will ensure that any changes to the standards are communicated to members and area committees

4. While riding at any showgrounds/competition venue, or ESNZ venue, the use of properly fastened approved, tagged protective headgear will be mandatory. This includes award ceremonies where riders are mounted.
5. FAILURE TO WEAR APPROVED TAGGED PROTECTIVE HEADGEAR
 - a. Any rider who fails to wear approved, tagged, protective headgear at any event, training day or at any ESNZ venue at any time, will be issued with a warning by a member of the Ground Jury or an ESNZ listed official at an event where there is no Ground Jury. The issuing officer/Ground Jury will issue an official warning card and a copy will be sent to ESNZ.
 - b. If that rider fails to comply for a second time, they will receive an instant \$50 fine, payable to ESNZ. An official warning card will be filled out by a member of the Ground Jury/ESNZ official and sent to ESNZ. The rider cannot compete again until the fine is paid to ESNZ.
 - c. A third or any subsequent offence for riding at a competition/venue without correctly, approved, tagged protective headgear will result in a further fine of \$250 and may include a stand down period which will be determined by an ESNZ judicial committee or ground jury.
6. Warnings and fines must be lodged with ESNZ and ESNZ will keep a list, on the database, of riders with helmet warnings and fines.
7. The use of cameras by riders while riding at a showground/competition venue (however such a camera is affixed, whether to the rider, protective headgear, head covering, or carriage) is prohibited, unless otherwise specifically agreed to by the ESNZ Technical Delegate officiating at the Event (in consultation with the President of the GJ, where appropriate). Such a decision will be completely at the discretion of the Technical Delegate/GJ President, and not subject to challenge. In the event that approval is given by the Technical Delegate/GJ President, an athlete's decision to wear a camera while competing will always be voluntary and at the athlete's own risk.

Article 152: Anti-Doping Policy

1. The Sports Anti-Doping Rules made by Drug Free Sport New Zealand (DFS) under the provision of the Sports Anti-Doping Act 2006, as presented and amended from time to time by DFS, act as the Anti-Doping Rules for Equestrian Sports NZ. A full copy of these rules is available from <https://www.nzequestrian.org.nz/esnz/programmes/about-clean-sport/> or www.drugfreesport.org.nz

EQUESTRIAN SPORTS NEW ZEALAND VETERINARY REGULATIONS

Preamble

This edition of the Veterinary Regulations is effective from 1st June 2007. All other editions and official documents issued previously and covering the same subject, are no longer valid. The Veterinary Regulations must be read in conjunction with the Constitutional Rules and Regulations of ESNZ. The Veterinary Regulations cannot cover every eventuality. In any unforeseen or exceptional circumstances, it is the duty of the GJ or the Appeal Committee where applicable, to make a decision in a sporting spirit approaching as nearly as possible the intention of the Constitutional Rules and Regulations. Where the Veterinary Regulations of ESNZ are used by the Organising Committee (OC) for competitions other than recognised disciplines of ESNZ, eg: Confirmation and Paces or Breed Classes etc, it is the Organising Committee's legal and financial responsibility to arrange any hearings of a judicial nature and ESNZ disclaims all liability in these cases.

Article 1: Principles

1. ESNZ is responsible for the general conduct of equestrian events under its Constitutional Rules and Regulations and the Rules of the FEI. This responsibility includes the supervision and maintenance of the health and well-being of the horses taking part.
2. The Veterinary Regulations shall apply automatically to all events which are subject to the Constitutional Rules and Regulations, and must be observed.
3. The Veterinary Regulations, however complete and carefully drafted they may be, cannot cover all possible eventualities in the preparation for, and during the course of equestrian events.

Article 2: Horse fitness to compete

1. Persons responsible and veterinarians responsible for the health of horses and veterinary medical arrangements at events should concern themselves at all times with the condition, wellbeing and fitness for competition of all horses taking part.
2. A Veterinarian or if not available, the President of the GJ, must give written approval before any veterinary treatment or medication is administered to a horse during the entire course of an event. If however during this period it is urgently necessary to treat a horse with any substance the veterinarian must be informed at once and the circumstances reported to the President of the GJ. Any treatment so administered must be indicated to the Veterinary Delegate if appointed or if not the President of the GJ in writing. The GJ must decide on the recommendation of the Veterinary Delegate when appointed or if possible a veterinarian whether the horse may take further part in that event.
3. Mares may not compete after their fourth month of pregnancy or for nine months after foaling.
4. Horses may not compete with a tracheotomy
5. The President of the GJ or appointee has the right to inspect any horse during the period of their jurisdiction, and has the right and the duty to exclude a horse from the competition and or event, which in their opinion, through lameness or lack of condition is not fit to compete. There is no appeal against this decision.
6. If a horse is so severely injured that, on humanitarian grounds, it ought to be destroyed, the following procedure should apply:
 - 6.1. If the owner or their authorised representative is immediately available, their agreement will first be obtained by a Veterinarian.
 - 6.2. If the owner or their representative is not immediately available, the President of the GJ or the Technical Delegate, acting on the advice of a veterinarian, may order the destruction of the horse.
 - 6.3. If the veterinarian is unavailable, then the President of the GJ or the Technical Delegate, at their sole discretion, may order the destruction of the horse.

Article 3: Prohibited Substances

The purpose of all competitions is to match the talents of horses and competitors against each other under fair and equal conditions. These Regulations are intended to ensure that the normal performance of a horse during a competition is not affected, either deliberately or unintentionally, by the influence of drugs and medications or any form of veterinary treatment.

1. A prohibited substance includes all substances listed on the FEI Equine Prohibited Substance List. The list contains both Banned Substances and Controlled Medications.
2. The use of Banned Substances prior to or during an Event is prohibited.
3. The use of Controlled Medication Substances may only be authorised during an Event in exceptional circumstances and where the welfare of the horse is of concern. They may only be used with the authorisation of the President of the Ground Jury and/or the veterinarian. This authorisation is to be given in writing. The use of the

FEI Veterinary Form A is recommended. The President of the Ground Jury, on the recommendation of the Veterinarian, must decide if a horse treated with a Controlled Medication can continue in the competition. They must take into consideration:

- The fitness of the horse to continue
- The fairness of the competition
- The welfare of the horse

4. Horses may compete with the presence of certain substances in their body fluids provided the concentration of the substance is less than the maximum permissible concentration laid down in Annex H of these Regulations. This list maybe updated from time to time.
5. It is a contravention of the Constitutional Rules and Regulations if the analysis of a sample taken from a horse shows the presence in its tissues, body fluids or excreta of a Prohibited Substance or a Substance the origin of which cannot be traced to normal and ordinary feeding.
6. The use of inhalation oxygen is forbidden throughout the period of the Event except as first aid after the Cross Country Phase or Test of Eventing or Driving Event with the approval of a veterinarian or, if unavailable, the President of the GJ. In such cases the administration of oxygen shall be made by the use of an intubation tube only, inserted into a single nostril. The use of any form of mask is forbidden.
7. The intra-articular administration of any medication allowed during an event is not allowed.
8. Medications or Substances not listed on the Equine Prohibited Substance List (eg electrolyte solutions, vitamins, antibiotics) may be administered during an event but only after the written authorisation of the President of the Ground Jury or the appointed veterinarian. They are to be administered under the supervision of a veterinarian. The use of the FEI Veterinary Form B is recommended.
9. Permission for the use of rehydration fluids at an event is at the discretion of the President of the Ground Jury and the veterinarian after consideration of the level of competition and the climatic conditions. Intravenous and intranasal fluids must not be given within 12 hours of the start of the Cross-country phase of Eventing, the speed and endurance phase of a Driving Event or the start of an Endurance Ride.

Article 4: Desensitised and Hypersensitised Limbs

1. No Horse should be allowed to compete at any time following the operation of neurectomy on a distal limb nor when any limb has been temporarily or permanently desensitised by any means.
2. All horses selected for sampling may have their limbs examined for nerve sensation. The GJ may also select any other horses for such examination.
3. Any horse found to have a limb or part of a limb desensitised by any means will be considered to have competed in violation of these Regulations and will be penalised accordingly.
4. Any horse found to have a limb or part of a limb hyper-sensitised by any means must be reported to the GJ. Examination for hyper-sensitisation may involve the swabbing of a limb to collect samples or the collection of bandages for analysis for the presence of prohibited substances.

Article 5: Prohibited Substance Rule Violations

ESNZ adopts the FEI Equine Anti-doping and Controlled Medication Regulations in its requirements for horses to submit to sampling for Prohibited Substances, it also adopts the principles for a fair hearing related to Rule Violations. These Regulations are available on the FEI website. www.feicleansport.org

Article 6: Sampling

1. A refusal or wilful obstruction by any person to submit a horse for sampling must be reported immediately to the GJ and OC. If the GJ decides that there are no grounds for such a refusal or obstruction and the person responsible persists in the refusal or obstruction the horse must be disqualified from the previous competition and the rest of the Event. The matter must be reported by the President of the GJ to ESNZ and the Organising Committee for the attention of the CEO of ESNZ to refer to a Judicial Committee by way of a complaint.
2. The Veterinarian or Testing Official supervising the sampling, the Person Responsible, or their representative, should sign a form witnessing the sample and identifying the Horse. The refusal of the Person Responsible, or their representative, to sign the form shall be treated as a refusal to submit a Horse for sampling under paragraph 1 above.

Article 7: Analysis

1. The result of the analysis must be reported immediately to the CEO of ESNZ who shall contact the Organising Committee, or in case of a positive analysis, will report the case to the Judicial Committee by way of a complaint.
2. If the sample is positive and confirmatory analysis is required, this must be requested by the Person Responsible within 10 working days of the date of the posting of a registered letter reporting the result of the analysis to the Person Responsible in writing.

Article 8: Cost of Analysis

1. The cost of analysis of First Sample (Sample A) will be borne by ESNZ if the sample is directed by ESNZ.
2. The cost of analysis of second sample if positive, and the honorarium of the second analysis and all their expenses must be borne by the Person Responsible at the time the sample was taken.
3. If the second sample is found negative, only the cost of analysis of this sample will be borne by ESNZ.

Article 9: Horse Deaths

Any death (including euthanasia), at any ESNZ competition, will be immediately investigated (same day) by an ad hoc committee of suitable people (senior officials) at the venue or quickly available. Likely made up of TD, senior GJ/Judge, senior representative of OC and a Veterinarian (if available).

The make-up of this group would ideally be in place from the start of competition so it can quickly be convened.

If the cause is unclear or the circumstances around the incident suggest more investigation is required then some degree of post mortem examination by a Veterinarian, including the collection of urine and/or blood for sampling would be recommended.

A written report outlining the circumstances and likely cause should be sent to ESNZ CEO and Veterinary General as soon as practical and definitely within 3 days of the end of the Competition.

The cost of this would fall to ESNZ.

ESNZ should maintain a record of deaths
