

# Grade Ib Para Rider:

## CHONTELLE HONOUR

and

## TAMA PARK BRADMAN

My name is Chontelle I am 21 year old student, I am a grade Ib Para Equestrian but currently compete Grade II Para and Level 2 Able body. I have cerebral palsy, epilepsy and central apnoea. Life is challenging but horses, photography and my cat are my world. My horse is the gorgeous Tama Park Bradman (Bradman) a Grand Prix Holstein owned by Geraldine Kawabe – previously competed by Otilie Upshall. I feel very privilege to have been gifted the ride on this most amazing horse. We have only been together since February but understand each other well. We both have our quirks. Bradman has accepted my compensatory aids (with a little extra training) and adapted really well although he will piaffe when excited and he knows he has done well – love him so much. I spend many hours in the paddocks with my horses watching them and taking pictures of them. I am not always strong enough to ride everyday but still need to have my horse fix. Bradman and my other horse Josef will play for hours in the mud.

The other love of my life is Shadow AKA Brat cat – he is a grey long haired ragdoll X and rather naughty... Para's are people who have challenges to meet and think outside the square – it's not about what we can't do it's about what we can
