## **6. Forums**

Important to keep these structured. Agenda to be set. Topics to include calendars/championship rides. Better way to do these with a separate OC or pool of people to help with funding, sponsorship, officials, admin/ride entries etc. How to make work financially. Should we be encouraging more 1 & 2\* rides, breakdown of grants (Nats, Islands & if 1 & 2\*)

If we drop levies for winter series (like Canterbury have) would that help clubs run small rides during off season to encourage newbies and PC's? Also provide \$50 per ride to be used towards making a great ride (sausage sizzle etc)

Clubs Structure. -Keep membership compulsory.

Evo -going forward need all clubs on board.

We need to be aware that members may well want an update on Advisory report issued at AGM-Ron to update the board before forums.
