## EQUESTRIAN SPORTS NZ ADVICE DURING COVID-19 ALERT LEVEL 2 – FOR THE REST OF NZ

### IMPORTANT TO NOTE

Please note that Equestrian Sports New Zealand (ESNZ) is not an expert on pandemics and as such all [New Zealand Government](#) and [Ministry of Health](#) information, guidelines and directives supersede this information. This document has been put together by Equestrian Sports NZ, with the purpose of informing our equestrian community how we are responding to Covid-19, and to provide recommendations for what we believe is the best course of action for all equestrian area groups/clubs, facilities, officials and members.

This document will change frequently, and we will make sure the most up to date is dated and on the website. We will monitor the government Alert Levels as we move back up or down the level, and if there is more flexibility for activities such as equestrian, we will be sure to update these recommendations in line with government advice.

All equestrian area groups/clubs need to consider their own situations at any given time. An area group/club's decision on whether to allow training or competition needs to be based on the situation in your local area at the time. The Government has released [Alert Levels](#) which can differ by region at any one time, so the location of your area group/club could be under specific direction of the Government.

### IS YOUR AREA GROUP/CLUB OR ORGANISING COMMITTEE PLANNING ON HOLDING AN EVENT?

If your Area Group/Club or Organising Committee is holding an event, this includes training or practice days, it must meet all of the Level 2 requirements, such as:

- **Gatherings**
  - Equestrian Sports NZ events are subject to gathering requirements and have a 100-person limit which includes all riders, officials and spectators.
  - Physical distancing of 1metre should be practiced. Where this level of physical distancing is not possible, face masks should be worn.
  - Multiple gatherings can take place at the same event or facility, as long as each gathering can be isolated / separated.
  - Phasing of activities can be implemented to allow time for event participants and supporters to safely pass through communal areas and to manage multiple gatherings if this option is utilised.
- **Contact Tracing** – a system to record and retain the contact details of all people involved in or attending your activity must be in place. This information must remain accessible on request for up to eight weeks after the event
- **Cleaning and Hygiene** – Robust hygiene measures, particularly regular washing and drying of hands by all participants must be undertaken, and hand sanitizer made available at convenient locations throughout the venue. Regular sanitizing of equipment and surfaces must be undertaken. As a guideline this should take place at the beginning of the event and approximately every two hours every for the duration of the event, and again at the end.

If you are unsure about any of the requirements or wish to discuss your event plans, please contact your Discipline Sport Manager who can assist you. Sport Manager contacts can be found on the ESNZ website:

### LEVEL 2 TOOLKIT

A level 2 toolkit is available to assist Area Groups/Clubs and Organising Committees with navigating Level 2 requirements and can be found on the ESNZ website: <https://www.nzequestrian.org.nz/level-2-tool-kit/>

### LEVEL 2 CHECKLIST

If you are unsure if your Area Group/Club or Organising Committee can meet Level 2 requirements, our Level 2 checklist may be of assistance in determining if you are prepared and ready to hold an event. The checklist can be found in the Level 2 Toolkit.

### LEVEL TWO PLANNING

Should your area group/club or organising committee be willing and able to allow training or competition, it may consider some of the following measures so social distancing is practiced.

- Contact tracing is imperative so you will need a system to log all those at the premises at any time. Contact tracing information, recommendations and templates for this can be found on the ESNZ website.
- Offering staggered training or start times.
- All competitors must enter and pay online.
- Consider not allowing changes to entries on the day – any changes must be done online the day before at a certain time. No exceptions to the rule.
- Online booking system for training and use of grounds/facility.
- Spacing out stabling and spacing out parking for horse trucks/floats.
- Posting or emailing out rider packs, back numbers to avoid queue in the secretary office.
- All events will need to be draw order only.

The following information may assist with determining what equestrian activity may be possible under Alert Level two, but Equestrian Sports NZ reiterate it is up to individual area groups/clubs to make decisions, based upon their own circumstances and applicable Government directives.
