

EVOEVENTS

EvoEvents

2024/25

There will be few changes coming from the 1st August as follows.

Riders will be able to compete in Preliminary (Level 1) Graded classes on an Introductory Membership, however the horse must have an ESNZ Registration and an Annual Dressage Start or pay Flexi Start Fees of \$5 per class.

To compete Novice (Level 2) & above they will still need a rider full competing or Child Full Competing Registration.

To compete in any Series an Annual Dressage Start is needed.

The Flexi Start fee will be \$5 for all levels from 1st August.

Riders in Non-graded classes will now only pay \$16.30 per event instead of per day.

We are in the process of having the Super 5 League Series set up on EvoEvents which means all riders in the Super 5 class that have an Annual Dressage Start will receive points at the Premier League, Island Finals and National Events. This will mean another box to check when loading your event, you will be advised when this has been done.
