

Official horse welfare partners

ESNZ is delighted to partner with IRT, our Official Horse Welfare Partner. IRT is the most trusted international horse moving company globally and has been flying horses around the globe since 1972. It is for this reason that IRT are the exclusive international horse transport provider for official ESNZ teams in all disciplines and the recommended international horse transporter for members.

IRT has been supporting ESNZ with the international travel of NZ-based horses to World Equestrian Games, Olympic Games and other leading international events for many years. While there are no international teams traveling at present, ESNZ and IRT look forward to things returning to normal and travelling our team horses internationally again in the very near future.

ESNZ encourages any member needing assistance with travelling horses internationally to contact IRT who have been supporting New Zealand equestrians for over 40 years.

IRT is also our Official Horse Welfare Partner. See their section in our Wellbeing and Safety menu at <https://www.nzequestrian.org.nz/safety/irt-horse-welfare/>
