## Mitavite Six Year Old Breeding Series

*Make a Difference*

### Proud Partners of ESNZ Jumping & Sponsors of the Mitavite 6 Year Old Series

Achieving success in equestrian sport requires hard work, planning and attention to detail. Producing quality young jumpers is no exception. Excellence and success is achieved by a series of marginal gains in critical areas such as breeding, training, horse management and of course nutrition. Without a holistic approach ultimate performance is compromised.

Adopting a premium nutritional regime, or in simple terms - feeding the best feed possible - is one way that you can better equip your young horses for the rigors of competition.

Mitavite's range of superior feeds provide a complete dietary profile to support bone and muscle development and recovery in your equine athlete with highly digestible cool energy to ensure the best possible performance on the final day of competition- when it really matters. Compromising on nutrition means that you compromise on performance.

Visit our informative website to learn more about Munga, Xtra Cool and the new Mitavite Super Food Cool Crusada or complete the online form for a free high performance diet analysis and recommendation. Mitavite wishes competitors every success in the series.

## Main-Events University Series

---

Main-Events have been working with jumping shows for over 25 years and has evolved with online entry into the show management system of choice. Main-Events most major jumping shows around NZ and the Australia. 20% of our

users are now from Australia.

The online system offers show organisers the best of both worlds - you can work in the clouds with good internet connections or offline on a laptop when the internet is unreliable. You can even swap between both. For riders, Main-Events includes mobile friendly screens, easy access to class lists with multiple sort options and quick search for competitors or riders at a show.

Livescoring is optional to all shows running Main-Events and makes it easy for riders and followers of the sport to track what is happening in the rings at show time. Main-Events.com is proud to support jumping and the future of equestrian sport with the University Series for our 5th season as a sponsor.
