The new Prestige Futures prize for 7-10 year old horses competing regional level at Level 4 and above has its first contenders on the board following Ashburton & South Canterbury/North Otago qualifiers. This prize is a great incentive for the dressage stars of the future with a new PRESTIGE OPTIMAX SADDLE the major prize at the end of the series. This new series targets the horses that are no longer eligible to compete in the Young Dressage Horse Classes but are working their way towards Advanced and Grand Prix with time to establish and become secure at this level whilst still having an extended competition lifespan ahead of them and increasing their chances to be internationally competitive. Thank you to Prestige Equestrian and good luck to riders competing in this new series.
