Safe ways of working

Staff, volunteers and contractors must be familiar with ESNZ Code of Conduct.

ESNZ strongly encourages staff and volunteers not to:

- Drive a child or young person home or to any other place (other than your own child)
- find yourself left alone with a child or young person in a vehicle or club premises (other than your own child)
- send a child or young person home with another person without prior arrangement and permission from their parent or carer
- substitute an approved driver without prior permission from ESNZ
- use your own vehicle to transport children and young people at any time, either to and from a training session or to away matches (other than your own child).

There may be occasions where a child or young person requires transport in an emergency or where not transporting them may place a child or young person at risk. These circumstances must be immediately communicated to parents, caregivers and whānau and an ESNZ Official at the time and be recorded and reported to a CSR and parents/caregivers within 24 hours. If a situation occurs when a driver is unable to avoid being alone in a vehicle with a child or young person, then the driver must ensure that the
