

14th August 2019

Dear Members,

Re: Candidacy for President Equestrian Sports New Zealand

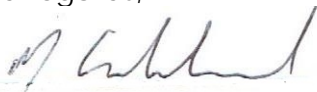

I am seeking your support in my bid for re-election for President.

My full CV is attached and I would appreciate you taking the time to read it, but in short:

- I have been President of ESNZ since 2015 and have been very conscience of making the business sustainable and sound.
- I see an opportunity to bring industry into our sport to ensure our development and security for the future.
- In 2018 I became a Director of Horse of the Year Hawkes Bay Ltd with the passion to continue to see Horse of the Year as one of the poignant successful shows on our calendar.
- I have the International experience and credibility to represent New Zealand at FEI level – and get things done – I know how it works!
- I have done many years at Area level in volunteer roles.
- My business acrimony along with my depth in equestrian sport enables me to continue to contribute to ensure both International and National sport is played with fair play and honesty.
- I have very well established networks within Sport New Zealand, the New Zealand Olympic Committee and central and local government.
- I have hands on commercial business experience so understand our sponsor's needs.
- I understand the commitment and effort that modern athletes (both horses and riders) and all their support crew must have in both a financial and time sense. I am committed to making our sport as affordable as possible, whilst ensuring we can continue to grow, develop and maximize all opportunities.
- I have the National background to bring past ESNZ knowledge into present day decision making.
- I have a passion for horses, Kiwis and winning.
- I want to ensure all our 5 disciplines, Jumping, Eventing, Dressage, Endurance and Para continue to drive consistently towards world class performance.
- Most importantly, I want all members, officials, volunteers and competitors to feel empowered, to be part of a great, positive community and to know they are valued.
- I'll be at competitions around New Zealand, open and ready to engage.

I hope I can count on your support.

Kind regards,

Richard Sunderland
