With regard to travel expenses, it has been approved that reimbursement of 65c per km, can be claimed for travel exceeding 30km each way with a maximum claim of \$500.

We are expecting that judges who will be travelling a long distance will car pool.

Expense claim forms will be emailed to you nearer to the date of your clinic, along with confirmation of your registration and any further details.

Although many of you have an award date that doesn't expire until next year, we encourage you attend one of these clinics as they will be a valuable learning experience. The format will be a combination of practical judging and sitting ringside with a Judges Advisor to discuss rounds.

Please register your attendance via email to
