## Health & Safety Helmet Tagging

All riders, including harness drivers/with the exclusion of heavy horse (Clydesdale) working classes, competing at RAS affiliated A&P Shows/ Events must wear protective headgear, which includes a retaining harness secured to the shell at more than two points. Such headgear must be worn with the chinstrap properly adjusted and fastened

when in the arena or ring, the practice area, collecting rings or anywhere else within a Showground or the grounds of an affiliated Event. Hats/helmets must conform with one of the current approved safety standards. These standards may be subject to change but the latest list can be found at

<https://www.ras.org.nz/equestrian/health-and-safety/>.

RAS will advise any changes via their website and Facebook. All hats/helmets that conform must be identified by the current tag system implemented by NZPCA, ESNZ and RAS.

## Falls/Concussions and Reporting

The Waverley A&P Association follows the ESNZ guidelines in regard to falls, concussion and injury reporting. In the event of a fall, in any part of the grounds including warm up areas and parking, the rider is required to get clearance from the medical officer in attendance. A 'Fall Slip' will be available from the nearest gate steward—it is the responsibility of the rider to have this slip completed before remounting.

*ESNZ General Regulation Article 150 8. If a concussion or serious injury is suspected, by a member of the Ground Jury at the event, the rider should be immediately removed from participating and be issued with a Blue Card concussion note. A Blue Card means that a rider is stood down from all riding activities until clearance from a registered GP or registered medical specialist can be obtained. A copy of their Blue Card will also go straight to ESNZ, which will then go on that rider's profile, visible to Organising Committees and officials.*

## INFORMATION AROUND WHISKER, EYE & EAR TRIMMING AT RAS AFFILIATED A&P SHOWS & EVENTS

From 1 January 2022, the trimming of a horse/pony's whiskers, eye and inner ear hair is banned for any horses/ponies exhibiting or competing at affiliated A&P Shows or Kindred Events.

Acceptable to trim

### RAS Equestrian Rule – GR. 6

- The Royal Agricultural Society (RAS) has teamed with Equestrian Sports New Zealand (ESNZ) and NZ Pony Club (and the FEI from 2021) and banned the trimming of whiskers, eye and inner ear hair for horses and Kindred Events from the 1 January 2022.
- RAS rules state GR6 Abuse of Exhibits b) Abuse can be defined as intentionally acting in a way, which may cause pain or unnecessary discomfort to a horse.
- RAS further considers other examples of abuse (but not limited to): whip or beat an exhibit excessively; subject an exhibit to any kind of electric shock device; excessive or persistent use of spurs; or to jab the exhibit in the mouth with the bit; remount or attempt to remount an obviously exhausted, lame or injured exhibit; rap an exhibit anywhere in or outside the grounds of the event; hyper sensitise any part of an exhibit; leave exhibit without adequate food, drink and exercise.
- Any person witnessing any form of abuse should utilise the RAS Resolution Process. For the purposes of this matter - illegal trimming of whiskers, eye or inner ear hair – from 1 January 2022 a protest form should be filed with the affiliated A&P Show/Kindred Event, citing the rule broken as being GR6 b. All affiliated Shows & Events have a template protest form available through the RAS Resolution Process which can be found here: <https://www.ras.org.nz/wp-content/uploads/2018/08/RAS-Resolution-Process-updated-2018.doc.pdf>.
- From the 1 January 2022, any upheld protests regarding the matter of whisker, eye & inner ear trimming should be handled in the following manner:
  - \* The exhibitor/competitor is to be given a copy of the RAS whisker, eye & ear trimming pamphlet for educational purposes.
  - \*The exhibitor/competitor and horse/pony are to be asked to leave the show ring
  - \*Any prizes, ribbons and/or placings are to be forfeited.
- Please note all RAS Equestrian Judges will be advised, when judging, they are not to discriminate against facial whiskers and hair.
- Full RAS Equestrian Rules and Regulations can be found here: <https://www.ras.org.nz/wp-content/uploads/2019/07/RAS-Rulebook-2019-FULL.pdf>

- Horses have whiskers on their face around their eyes and muzzle (nose and lips). In these locations whiskers not only help protect delicate tissue, but also help compensate for the blind spots a horse has in front of its face and underneath its nose.
- A horse's whiskers (called vibrissae) are actually an incredibly important sense to them. The whiskers around the eyes and muzzle are extremely sensitive and have a rich nerve supply.
- Ear hair serves a few special functions: to protect the inner ear skin from bugs, sun, and foreign objects. The outer edge of the ear also grows some hair, and in some cases, it can get pretty wild.
- With ears you can find a happy medium – clip the edges of the ear by folding it like a taco and zipping your clippers down the outside of the ear. Leave the insides.
