Selection Criteria

The DNZ National Selectors will make their selections by:

- Reviewing past performances, placings and percentages at the level for which the combinations is nominated.
- Observing performances leading up to and at the WDC event, including the Trot Up. Consideration will be given to the level of competition, the depth of the field at which the result was obtained, consistency of performance, and an improving trend for results produced.
- Assessing relevant form and ability to perform at the venue and on the applicable date.
- Considering the condition and demeanor of the combinations at the Trot Up.
- Taking into account that Scores obtained for the Youth, Prix St Georges & Intermediate I have a greater multiplying coefficient. This impacts the Team overall results, and this influences the selection process (i.e.: Inter I/PSG = % x 1.20; Senior II/Senior I = % x 1.00; Youth = % x 1.10).
- The five performance levels and two age groups (12-16 yrs; 16 yrs and older) reviewed are:
 - Intermediate I
 - Prix St. Georges
 - Senior II
 - Senior I
 - Youth
- The Selectors will make their selection on their overall information at the given time. It may not necessarily depend solely on the ranking of combinations according to scores achieved.
